TRANSMITTED as an enclosure is the Congen's annual revision of its CERP Publications Master List. Publications are listed in alphabetical order.

Procurement of the CERP publications, chiefly those issued by the Mozambique Government, may no longer be accomplished at no cost. These publications are usually sold at $2.80 to $3.50 per copy. The Department of Statistics, Lourenço Marques, publishes a limited number of copies, and, in some cases, they are not obtainable even on payment. Lack of funds is responsible for the present drastic curtailment in the number of Government publications, principally distributed to various official Portuguese agencies in Mozambique and elsewhere. Offset printing has been adopted for issuing a limited edition of the often consulted previous year's edition (Factors Externos).
MOZAMBIQUE - CERP PUBLICATIONS MASTER LIST (1970)
