Stale of cheques/Lao PDR = no regulations, but cheques used; lots who use trad. of int'l practice/Thai bet on Frankl; St. owned com't bet use cheques payments/fr. trad (pre-1975); now govt. CB need decree, not only on cheques. But, based on agent. IBRD, ADB = negotiable instruments incl cheques (promissory notes + bills of exchange) but lack experience, need exp. to draft.

Bots: 2 practices historically = 2 purposes of cheques, but why endorsement today?

CB: People want use, get cheques to buy; but not common. Payee can go to cash cheque or deposit in bank, or endorse to others (not common) = no regulation for easy use; CB present rule reg. checks.

Bots: endorsement old be left off cheques for domestic use; CB prosecute reg. checks.

CB: Common practice, "pay to bearer" or to "name," or w/ crossed.

Bots: Cld adopt similar draft, improve language = add modifications eg certified check.

CB: Certified cheques = not common bank Customs Office when people pay w/ cheque; but Customs Office require certification by B/L = lose time; people want to pay directly by own cheque, not take time or pay fees to bank. Criminal law prohibits use of cheques not backed by funds; but give cheque to Customs Office, takes weeks to collect; take gds out, put money in account; give credit; Customs Office could call back deposit. Clearing House in Vientiane, but not yet nationwide; in practice, in 8 days, if insufficient funds.

Bots: Unresolved problem at bank.

Bots: Draft cheque syst. outside Vientiane = not for some time.

CB: Bills of Exchg. are used, w/ letters of credit, for int'l transactions.

CB: Cert. check = cash, cement p'ty; buy machinery from China, 50% pd/cash; 50% future (3-5 yrs). B of E from cement factory to China = acceptance from Lao merch. B/c = guarantee; can use either. B of E or promissory note.

Bots: Which is better to draft; all negot instruments at once? or cheque now, others later.

CB: Last time, issued promissory notes when borrowed abroad = transferred money to vendor. Not negotiable. Will work on cheque bill = "time").

Bots: Enq. 10/11 research.

CB: CB/CB applied by Gov/CB = contract w/ ADB. IBRD; offer exam agent.

Contact MOF/culture, don't want to delay import of cheque bill w/ new aspects/other cities, too; if draw cheque, law "own" way, won't get any asset, met IBRD regret.
CB: Use with practice -> turned on "EC 500" - in Ventura - trend of closing Fr.
Iso "cond" = all 3 aspects/rel; B of E also pronounced note-added A DP added
request for all augt. visits.
