In Memoriam

MISS GRACE E. AUBURN

1899 - 1963

From the President 1962-1963

To the Alumni of the Boston University School of Medicine:

The untimely passing of Grace Auburn, our beloved Alumni Executive Secretary, saddened us all and left in the Association a great void. I think the finest tribute that we can pay to her memory is to vigorously continue the work to which she so greatly contributed and to which she gave so much of herself.

Let us, therefore, in taking a look at what was accomplished during the past year and at what we hope to accomplish in the immediate future, set our sights high.

This year's Alumni Fund Campaign brought in the second highest amount of contributions in the past sixteen years. These contributions will enable us to increase our Scholarship Fund and to further assist deserving students.

As Alumni, I am sure that we are all aware of the support we owe to our Alma Mater and to the future of medical education. I hope that you will continue your generous support of the School of Medicine.

From the Alumni Fund Chairman

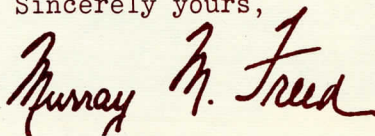

Dear Fellow Alumnus:

It is a distinct pleasure for me to report to you following a banner year in annual Alumni giving. As a result of 49.8% Alumni participation we received \$26,387.00 directly and \$2706.00 through the A.M.E.F. Augmented by faculty participation a total of \$31,175.00 is available to continue and expand the scholarship program and other significant projects.

Participation has increased by 7% over last year and by 12% over that in 1960-61. I wish to thank you for your loyalty and support. My special appreciation goes to the Fund Captains and to the members of the Alumni Fund Committee for their continued efforts.

Spurred by the recent accomplishment, we look forward to even greater achievement in the coming year.

Sincerely yours,

Murray M. Freed, M.D. '52

*Annual Alumni Giving and a Campus Development mailing from the University were mailed to Medical Alumni and "gathered in" some Medical Alumni gifts.

**No Alumni Fund appeal mailed in deference to Capital Campaign for Medical Building program success. During the capital campaign over \$300,000 was contributed by Alumni.

In 1960-61, we again took up the development of our own Alumni Fund.

From the President 1963-1964

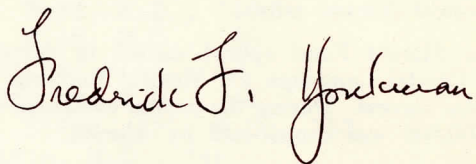

To the Alumni of the Boston University School of Medicine:

I am gratified by your past record of contributions and hope that in the future we can increase this generous support of the school.

Our plans for the Annual Dinner Meeting on April 18 (please note this early date!) have been completed. I am happy to announce that we shall have as our guest speaker Dr. Edward R. Annis, President of the American Medical Association. We feel honored to have this distinguished physician with us on this occasion. I hope that you will be able to join your fellow Alumni in welcoming Dr. Annis at this noteworthy event to be held at the Sheraton Plaza.

I am happy to report that a successor for Grace Auburn was engaged the first of February.

I would like to express my appreciation to past President, Ted Potter, for his continued loyal support in this period of transition. With this spirit of cooperation, the future of our Association looks bright indeed.
