I hereby grant to the Boston University School of Theology (BUSTH) the non-exclusive right to archive, reproduce and distribute my thesis or dissertation, in whole or in part, and/or my abstract, in whole or in part, in and from an electronic format, subject to the release date subsequently stipulated in this submittal form and approved by my school.

I represent and warrant that the thesis or dissertation and its abstract are my original work, do not infringe or violate any rights of others, and that I make these grants as the sole owner of the rights of my thesis and dissertation and its abstract. I warrant that I have obtained written permissions from the owner(s) of each third party copyrighted matter to be included in my thesis or dissertation and will supply copies of such upon request by my school. I acknowledge that BUSTH will not distribute my thesis or dissertation or its abstract if, in their reasonable judgment, they believe all such rights have not been secured.

I acknowledge that I retain ownership rights to the copyright of my work. I also retain the right to use all or part of this thesis or dissertation in future works (such as articles or books).

I agree that the above-mentioned document be placed in the BUSTH archive of Electronic Theses and Dissertations with the following status: (choose one)

1. Open Access: Make the entire work freely available immediately for access worldwide.

2. Restricted Access: Block access to the entire work both on the BU campus and worldwide to protect the work for patent and/or proprietary purposes for a period of 6 months or 1 year (choose one). After the designated time, the entire work will be released worldwide.

Extension of any restriction beyond 1 year requires approval by BUSTH in the form of a written request describing the reason for delayed release. I agree to hold BU harmless in the event of inadvertent release of restricted material.
